

The West Virginia British Car Club

Monthly Meeting Notes (4 May 24)

The meeting was called to order at 10:40 am by Mark. There were 13 members present on a drizzly rainy Saturday morning! The meeting wrapped up at 11:59 pm

Dan's weatherproof TR7 was the only British car on the lot this month! If you look had enough, you can see Larry's Tesla in the background!

Jaime sold his Jaguar XKE at auction. He continues to work on his '71 XKE and the engine that has been troubling him is just about ready to begin being put back together. He has also decided to give his beloved 1955 Austin-Healey 100/4 a good refresh; he's had it since high school!

The 27 April drive to Hawk's Nest was a success with 19 cars participating! Perseverance pays!
